**Bio & Policy Statement from  
A Nominee for Correspondent Member Governor  
Board of Governors 2016-2017**

**Florence DE CHANGY**

**Affiliation: Le Monde and French National Radio**

Dear fellow Club Members,

I have had the privilege to join the FCC board in 2013. I was reelected last year and would be happy to serve for another year if you wish me to do so ! I have been a co-convenor on the F&B Committee, the House Committee, the Financial Committee and the Press Freedom committee, I am also committed to the Professional committee which is key to the FCC'unique DNA.

Having worked as a Foreign Correspondent since 1991 (in Australia, New Zealand, Malaysia, Taiwan and Hong Kong), mainly for Le Monde (Paris published daily newspaper), RFI (Radio France International) and Radio France (French National Radio), the FCC carries a very special resonance to me. It is a place that we must treasure for what it is. It is also a place we must help adapt and evolve to stay as relevant as ever to its members and to Hong Kong.

The past Board has been a really strong, coherent and efficient team. I am very grateful to our outgoing president Neil Western and the great FCC Staff for that. I am ready to continue serving on the next board, as a Correspondent Governor, if you want me to.

Thank you for your support !

Florence de Changy
